Testimonials

Mrs. Lalita Kanwar
Managing Director

The efficiency of administration is significant to run the school smoothly. With the cyber school manager's online fees Collection Module, We were able to achieve the efficiency and systematic approach to run the administration Precisely. We are able to maintain the records easily and have received perfection in fee collection tasks since the integration of this software"

La Montessori Chain of Schools, Kullu, H.P

Dear Puneet,

Hope you are keeping good health and taking care of your family and staff also. I would like to pen down few lines to appreciation to Dharminder Sir, Jatinder Sir, Mirza and Suraj Sir to making it possible to integrate Zoom app in CSM. We in SSST were taking online classes since last year (2021) in various online platforms but faced a lot of issues regarding marking attendance of students. But this academic year (21-22) I was firm on having this issue resolved from cybrain and Mr. Suraj really worked hard and made it possible today. We hope to make good use of this CSM Connect app now. Do appreciate him from SSST staff. Thanks a lot Regards.

Cybrain Team and overall digital marketing team and school management software "Cyber School Manager" services are reliable and flexible in all ways. They are enthusiastic about our online presence. Their SEO and SMO have driven traffic to our website, resulting in a high level of brand awareness. Because of the excellent customer service and support, our school runs smoothly during the Covid period. We are extremely grateful for their help and services. Thank you.

St. Paul's Sr. Sec. School, Palampur

Since we have accommodated Cyber School Manager, we have seen an efficient upliftment in the administrative planings as well as received continuous positive feedback from parents and students. It has made the basic plannings easy and reduced the burden of data collection. Teachers are seemingly enjoying the teaching experience as they do not have to shed any extra time on further tasks besides teaching. All tasks like time table management and scheduling, class tests and data collection etc, are completed by the Cyber School manager.

Gurukul Global School, Chandigarh

Mr. Parveen Setya
Founder & Managing Director

Mr. Robin Aggarwal
Director

Managing time is most vital to maintain discipline in the school's environment. Thanks to Cyber School manager's Timetable module, we are always ready with an accurately planned schedule beforehand. Sometimes, maintaining the schedule becomes hectic and confusing when done manually. It is hard to remember every coming event, but the Timetable module keeps the data together that has helped us to dodge all the confusions and conflicts with timings.

Learning Paths School, Mohali

Miscommunication between teachers and parents can affect a child's scholastic performance. To elude this problem, we have incorporated the Cyber School manager's Student -Parent Mobile App. Through this app, we are able to bridge all the communication gaps between teachers and parents. Teachers can send messages of forthcoming plans and could share the status of the child directly to the parents. And could share homework and assignments to their students.

Shivalik Public School, Mohali

Easy to use and exceptional software support. The best thing about this software is the " Parents suggestion and Feedback" section. This has helped us a lot in improving our school activities. One of the best features by far. Great Work !

Him Academy School, Vikas Nagar
